Dr. Gardner Patterson /  
Woodrow Wilson School  
of Public and International Affairs  
Princeton University  
Princeton, New Jersey

Dear Dr. Patterson:

I wish to thank you for your letter of 14 July 1958. I note your arrangements for dinner on 31 October 1958, and I have put it on my pad to attend. I shall let you know later when the date is nearer and my plans clearer, about my ability to attend the other festivities, and as to whether Mrs. Dulles will accompany me.

I assume that before the meeting you will send me any papers which will be under discussion and also any available literature with which to acquaint myself about the school and its program. Naturally, I have followed its activities in a general way since its inception, but now I feel I ought to have more specific information.

Sincerely,

AWD/ji
